

EUINEC is funded by the Seventh Framework Programme, European Commission

**Focus  
Health**

# EUINEC

**12 MARCH 2010, CENTRAL DRUG RESEARCH INSTITUTE  
CHATTAR MANZIL PALACE, LUCKNOW**

The EUINEC project presents **FP7 Health Info Day & Training** on how to obtain funding from the European Commission and how to participate in European projects.

**The FP7 Info Day & Training will help You to turn Your project ideas into a reality:**

### Insightful

- » Research priorities
- » What can be funded in FP7
- » Who can take participate
- » How to find European partners
- » Financial issues: how much funding
- » Rules and requirements
- » Intellectual Property Rights
- » Tips & tactics on proposal development

### Interactive

- » One-on-One interaction with Experts on European Funding
- » Personal consultation on the issues that matter to you

**Focus:  
HEALTH  
12 March 2010**

### Why FP7 Info Day & Training

**Did you know that** India can receive funding from the European Commission via the Seventh Framework Programme (FP7) when collaborating with European organisations?

**Over 50 billion euro is available for a period of 7 years to finance research projects in all scientific fields!**

The event is designed to provide Indian stakeholders with the skills needed to successfully develop FP7 proposals. The participants will get informed about research priorities and be guided through the entire process of research proposal development; from call identification to proposal submission, including budget preparation, IPR and how to cooperate for European funding.

**Join the FP7 Info Day & Training and understand how You can benefit from European Funding**

The Event is hosted by the Central Drug Research Institute, Lucknow - a constituent laboratory of Council of Scientific Industrial Research, New Delhi. The comprehensive 1-Day programme includes presentations from representatives from the **European Commission, CSIR-Central Drug Research Institute, CSIR-Institute of Genomics and Integrative Biology** as well as the **Health National Contact Point Network**. Indian Institutions who have previously participated in European projects will share their experiences and the **New Indigo project** will present the funding opportunities offered within the Networking Pilot Programme. The training is implemented by experienced European experts on FP7.

### Get prepared!

Training participation is **free of charge**. Register before 9 March at EUINEC website: [www.euinec.org](http://www.euinec.org)

EUINEC FP7 e-training is available free of charge at [www.euinec.org](http://www.euinec.org).
